

Delta Upsilon *Technology Chapter*

Dylan Hallman, Technology '15
Guillaume Kugener, Technology '15

Technology Chapter: A Chapter in Transition

- We have done so much to change.
- We should not have availed ourselves of our resources.
- We have made poor decisions.
- We accept responsibility.
- But we do have a bright future. We will continue to change.

Past History

- Past Reputation
- Our Freshman Year
- Change in Leadership
- Change in Culture
- Help from MIT Office of Fraternities, Sororities, and Independent Living Groups (FSILG) & alumni

The Technology Chapter of Delta Upsilon

- Accomplishments as students, athletes, brothers, community members
- We believed we were on the right path.

‘I am not sure that I have met a group of men who more clearly articulate their appreciation for and dedication to the truest sentiment of brotherhood.’

What Went Wrong

- Underage Drinking
- Hazing
- Opting Out
- **We did not force anybody to do anything they did not want to do.**

Looking Forward

- Cannot Undo the Past
- We want to ensure that we never make these mistakes again.
- We are serious about connecting with the DU family and becoming the chapter we believed we were.
- Unanimous Agreement on Drastic Measures

Our Proposal

- No “Pledge” Program
- Alcohol-Free House
- Better our Relationship with International

Conclusion

- Changing House
- Brotherhood
- Questions?
