

DELTA UPSILON

INTERNATIONAL FRATERNITY

April 16, 2014

Guillaume Kugener, Chapter President
Technology Chapter

RE: Suspension of Chapter

Dear Brother Kugener:

On Friday, April 4th, 2014, in Indianapolis, Indiana the Delta Upsilon Fraternity Board of Directors voted to suspend the Technology Chapter until the spring 2016 semester. This suspension is due to the Technology Chapter's violation of the Fraternity's Loss Prevention Policy.

This suspension, effective immediately, is in accordance with Delta Upsilon's policies and means members of the Technology Chapter may not function as a chapter of Delta Upsilon Fraternity, nor may they represent themselves to be a chapter of Delta Upsilon, and any and all operations of the chapter shall cease immediately.

All undergraduate members are hereby placed on alumni status with the International Fraternity.

The International Fraternity will consider reinstatement of the Technology Chapter in the spring 2016 semester, upon consideration of the following items:

- The current undergraduate students placed on alumni status cannot have any involvement with colony or chapter activities until after their graduation or departure from MIT;
- There is a nine person alumni and volunteer based advisory board approved by the International Fraternity;
- The alumni will financially assist in the expansion efforts beginning during the spring 2016 semester.

The suspension terms are contingent on the former Technology Chapter undergraduate members fully abiding by the suspension order and no underground chapter activities occur. Any violations of this suspension may result in a member being brought before the Board of Directors for expulsion.

An appeal of the chapter's suspension may be made to the Assembly of Trustees as outlined in Delta Upsilon's By-Laws (Article III, Section 5, subsection e).

If you have questions, please feel free to contact Executive Director Justin Kirk at kirk@deltatau.org or 317-875-8900.

Fraternally,

Tim Dowd
Secretary, Delta Upsilon Fraternity
